

Jumpstart Kit

KEY BENEFITS

- Optimizes mitochondrial health and ATP production*
- Promotes the body's natural detoxification processes*
- Supports healthy drainage pathways*

DOSING

	WAKE UP	MORNING	NOON	EVENING	BEDTIME
CT-Minerals		1 🍯			
BC-ATP		2 🍯		2 🍯	
BioToxin Binder		2 🍯		2 🍯	
KL Support		2 🍯		2 🍯	
🍯 = capsules					

Dosage charts included

WHAT'S INCLUDED

CT-Minerals

This bioavailable formula of trace minerals derived from fulvic acid supports optimal cognitive function, energy production, immune function, nervous system support – and to enhance well-being.*

BC-ATP

The highly charged organic acids support metabolism and the ATP cycle in being at peak efficiency.* These carbons also assist in the body's natural detoxification processes and contribute to a balanced gut microbiome.* In clinical practice, BC-ATP is generally well-tolerated by sensitive individuals and may help improve protocol tolerance.

BioToxin Binder

CellCore's go-to starter binder. It promotes the body's natural ability to detoxify and lends increased support to the gut microbiome, which optimizes digestive function and immune health.*

KL Support

Combines herbs and nutrients traditionally used to support kidney and liver health, including beetroot, gromwell root, gynostemma, marshmallow root, milk thistle seed, NAC, and parsley leaf.* As an integral part of the body's cleaning and filtering system, promoting kidney and liver function is essential for healthy drainage and detoxification.*
